# Mobile Networks Enable Attacks in Hybrid Warfare

 Daily Mail

## Missile attack on Ukrainian military base was launched after Russian forces hacked into British phones

- A missile on Yavoriv training base was launched after phone hack, sources claim
- At least 35 people were killed in the strike on the training base last Sunday
- Unconfirmed reports suggest ex-British soldiers among the dead and wounded

## Why Ukraine's phones and internet still work

Russia has plenty to gain from keeping things running, even if it also benefits Ukraine.
